20 Minute Blackboard Sessions for Your Students

Let our staff get your students up to speed on the Blackboard tools you want them to use in quick, 20-minute Blackboard informational sessions during your classes.

Contact us today to schedule a session.

AVAILABLE SESSIONS

General Blackboard & Technology Overview

We will walk your students through the basic functions of Blackboard and touch on the major tools. We will also show them some of the learning technologies available to support their learning.

Tailored Blackboard Overview

We will start with a brief overview of how to navigate Blackboard Learn. From there, we will spend time showing your students how to use the specific features that you determine are most important to your course.
